- **Starter Units include:**  
2 factory assembled post kits, 8 stationary shelf traverses, stationary traverse dovetails and shelf plates.
- **Add-On Units include:**  
1 factory assembled post kit, 8 stationary shelf traverses, stationary traverse dovetails and shelf plates.

All units ship complete in 1 box.

#### Features & Benefits

- Designed to easily support the performance demands of a busy foodservice operation with medium to heavy storage needs.
- Use in walk-in coolers, freezers, dry storage, warewashing areas, loading docks or front of the house. Withstands storage temperatures -36° to 190°F (-38° to 88°C). Impervious to moisture, chemicals, salt, food acids and humidity.
- Install solid shelf on bottom to prevent water/cleaning liquid from sloshing onto products. Install on top to protect product on lower shelves from cooler condensation.
- Posts and traverses are made of a revolutionary, extremely strong composite material. Stronger than common wire shelving and lighter in weight than Camshelving Premium Series. Traverse dovetails attach easily to secure shelf traverses.
- Smooth polypropylene shelf plates contain Camguard, an antimicrobial technology that inhibits the growth of mold, fungus and bacteria that may cause odors, stains and product degradation.
- Shelving Units interconnect in straight lines with shared posts. Uniquely engineered Post Connectors offer exceptional cross stabilization. No add-on clips or "S" hooks required.
- Use corner connectors to add shelves in corners or to install intermediate shelves between 2 starter units to maximize space
- Posts and traverses wipe clean. Traverses and shelf plates remove easily for cleaning.
- Shelf traverses can be removed and adjusted at 4" (10,2 cm) increments.
- Sturdy reinforced nylon foot adjusts easily to level units.
- Requires some assembly with minimal parts. Use a rubber mallet only.
- Lifetime warranty against rust and corrosion (posts, traverses and shelf plates).
- Available in 1 color – Brushed Graphite (580).
